OBJECTIVE

Aspiring Software Developer with a B.Tech in ECE and hands-on experience in Java, HTML, CSS, and JavaScript. Motivated to leverage my skills in web development and software engineering to contribute to a collaborative team, drive successful project outcomes, and further my growth in the tech industry.

SKILLS

Technical Skills	Core Java, HTML and CSS, JavaScript, JEE, MySQL
Soft Skills	Adaptability, Team Collaboration, Problem-Solving, Decision-Making

Education

- ✓ **Bachelor of Technology in Electronics and Communication Engineering**, 2024 – **Percentage**: 76%
- ✓ **Intermediate** , 2020 – **Percentage**: 95%
- ✓ **SSC**, 2017 – **Percentage**: 95%

Internship

Java Programming Intern, BIST Technologies

- ◇ Gained hands-on experience with Java SE (Core Java), developing and debugging software applications.
- ◇ Collaborated with senior developers to design, implement, and test Java-based solutions.
- ◇ Improved coding efficiency and application performance by optimizing existing code.

PROJECTS

Tasty Cibos: Designed and developed a fully integrated e-commerce food delivery platform. The project a dynamic and responsive user interface crafted with HTML, CSS, and Bootstrap. On the back-end, I implemented server-side functionality using Java,SQL, JSP, and Servlets,ensuring efficient data management and seamless user interactions.

Todos Application: Developed a persistent to-do app with CRUD functionality using HTML, CSS, and Bootstrap for the front-end design. Implemented task management with JavaScript, leveraging event listeners and DOM manipulation. Used arrays, objects, and local Storage to ensure tasks persist across page reloads.

CERTIFICATIONS

- · Java Full Stack by TapAcademy
- · SQL and Relational Database Certification IBM
